WHERE WE ARE NOW

Inventory

- a list of all the existing conditions, both natural and built and the overlying policies

Analysis

- A judgement of the existing conditions and the action items to occur to achieve the park's vision i.e. what you wish to keep, what you will remove, what needs to be modified, and what will be added

Example

- Inventory: existing multi-use trail along the north end of the site
- Analysis: the trail is too narrow for the number of users and there are pinch points along the trail that need to be addressed

WHAT WE'VE DONE

Consult with Internal Staff

Notice

A change is proposed for this site: Mountain Drive Park

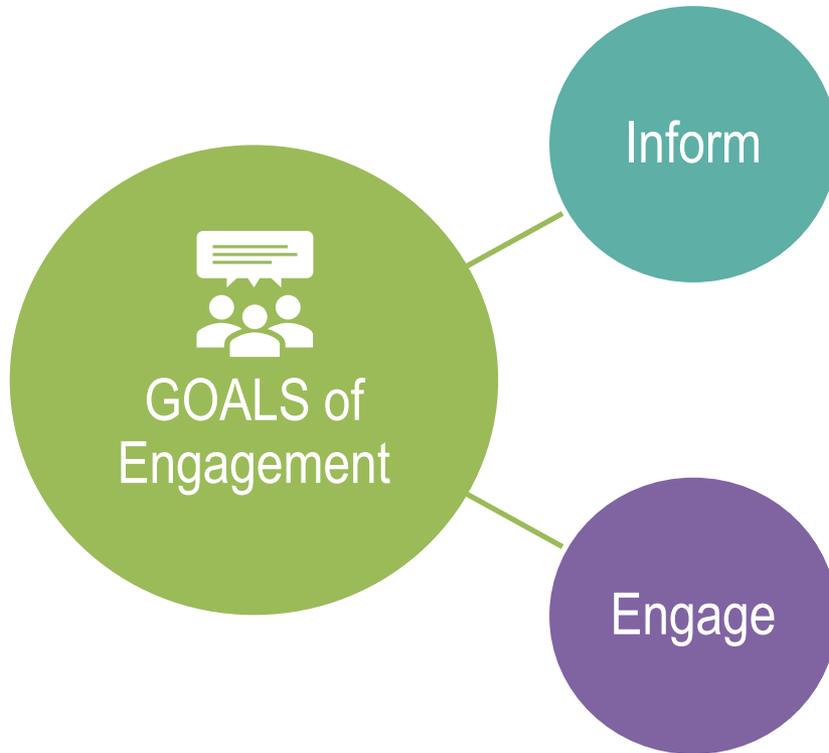

The City of Hamilton will be conducting a Masterplan for Mountain Drive Park in 2021. A Masterplan is a planning tool used to develop a vision for the park and identify future park improvements, a budget and a timeline for implementation.

Please visit the Engage Hamilton project page provided on the bottom left corner to review the project details and complete the on-line survey. The survey closes March 23rd, 2021.

For more information about this project contact:
Louise Thomassin, Project Manager, Landscape Architectural Services, Public Works
